**STATUTORY DECLARATION UNDER SECTION 65B(4) (法定宣誓条項)**

| |
|---|
| 1. System Custody & Operation: The electronic records comprising the audited bank statements (RBI ReBIT schema) and GST registers were produced by the VeriLedger sovereign ingestion engine during the period over which the computer was used regularly to store or process information. |
| 2. Lawful Control & Continuous Operation: Throughout the material period, the computer system was operating properly; and if not, any respect in which it was not operating properly was not such as to affect the electronic record or the accuracy of its contents. |
| 3. Reproduction Fidelity: The electronic information contained in the ledger printout/PDF reproduces or is derived from information supplied to the computer in the ordinary course of sovereign API communication with RBI Account Aggregator FIPs and GSTN GSPs. |
| 4. Cryptographic Tamper-Proofing: Every transaction and invoice hash was aggregated into an immutable SHA-256 Merkle Tree root. Any post-generation tampering or alteration invalidates the cryptographic root signature immediately. |
